3. Diane Ferguson stated the building on 11 Watertown Road only had a building and residential permit. We are aiding & bedding criminal activities for 1 year, we need a fulltime zoning administrator, and no laughing.
4. Don Ferguson stated Franzels building needs to be tore down, Cambridge should be commercial, and Campbell should be commercial, and the house on the corner is blight and should be delt with.

NEW BUSINESS:

1. Laura Genovich from Foster & Swift discussed Watertown Solar's application, public hearing, decommissioning plans, missing information in the application, and the PC needs to stick to the ordinance, not conditions to give a land use permit. Further discussion of ITC applying for its own substation permits. The capacity of the Solar needs to match the application and fee before the public hearing. Also, a completed application.
